PROTEST OF WOMEN

Keep Vigilant Eye on Some Employment Agencies.

COMMISSIONERS GET APPEAL

Accused Concerns Favorably Reported by Police to Be Rigidly Investigated Before Being Permitted to Do Business—Surety Withdraws Name from Proprietor's Bond.

Protests from the women of Washington against the issuing of licenses to certain employment agencies are still pouring in upon the Commissioners.

The deluge of petitions has not been checked, but rather intensified by the favorable report made by the police department upon the character of some of the applicants for licenses.

Investigation to Be Rigid.

The Commissioners, however, assure the women who are in this fight against vicious concerns in the employment agency business that while a hearing will be granted to some of the accused proprietors of agencies, a rigid investigation will be made into their characters and methods, and no license will be issued unless the applicant therefor offers conclusive proof that he is guiltless of the charges preferred.

Mrs. C. C. Darwin, 1524 Twenty-eighth street, secretary-treasurer of the Washington branch, Association of Collegiate Alumnae, has forwarded to the Commissioners a resolution adopted by that organization. At the last meeting the household economics committee reported unfavorably upon conditions alleged to prevail in some of the employment agencies of the city.

Resolutions Play Agencies.

The committee was instructed to prepare resolutions "expressing the association's most earnest hope that no license may ever again be granted in this District to the agencies which have been guilty of such crimes against womanhood as were revealed by the report."

It is stated also in the resolutions that it is the belief of the association that employees secured through the medium of such agencies would be subjected to such influences as would greatly impair their fitness for work in the households where young children will come under their care.

The Commissioners received a letter yesterday from Richard B. Peters, 1724 Tenth street northwest, saying that he has withdrawn his name as bondman for one of the accused proprietors of the agencies.

In accordance with the instructions of Commissioner West, Maj. Sylvester is making a re-investigation of the charges preferred against these agencies, and a written report will be submitted to the Commissioners within a few days.

NO MONEY FOR PLAY GROUNDS.

Commissioners Cannot Clear Plot Donated for Use of Children.

The Commissioners have been requested to order the chain gang to clear the ground at Nineteenth and E streets northwest, the use of which has been offered by the Treasury Department to the public play grounds committee.

Supervisor Henry S. Curtis says that there are at present no play grounds below Pennsylvania avenue and west of Sixth street. Engineer Commissioner Biddle, to whom the matter was referred, said that it would not be possible for the engineer's department to do this work, for the reason that the money appropriated for carts, tools, and the hire of teams and of labor is only available for grading down on streets, alleys, and roads.

At his suggestion, Dr. Curtis was informed that if the play grounds committee would furnish the funds necessary for these items the superintendent of the Washington Asylum would be requested to send a special gang to clear the grounds.

DOES NOT AFFECT OLD STABLES.

Police Regulations Apply Only to New Buildings.

In view of Judge Kimball's ruling that police regulations governing stables do not relate in any way to stables in existence when the orders were promulgated, unless remodeled at the instance of the owner, the corporation counsel has been requested to determine the advantages of appealing from the ruling of the Police Court, or of amending the regulations so as to accomplish the purpose originally intended.

Health Officer W. C. Woodward, to whom the matter was referred, said it was important that old stables as well as new should be placed in proper sanitary condition, and upon his recommendation counsel was called upon for an opinion.

May Get Loomis Park Improved.

The efforts of the citizens of Anacostia to secure the improvement of Loomis Park, donated to the city in 1899 by Dr. Lafayette Loomis, will probably be successful. Commissioner Biddle yesterday ordered a plan of the park be forwarded to Brig Gen. Alexander Mackenzie, chief of engineers, United States army, with the request that he accept the transfer of the park. This offer was made to the War Department in 1899, but was at that time refused, owing to a lack of improvement funds.

Sets Hour for Closing Market.

In accordance with a recommendation of Sealer of Weights and Measures W. C. Haskell, the Commissioners yesterday ordered the Georgetown market to be closed at 10:30 p. m. on Saturday during the months of November, December, January, and February.

Mrs. Burrow Gets Divorce.

Justice Gould yesterday granted Bertha W. Burrow an absolute divorce against John D. Burrow.

BUILDING PERMITS ISSUED.

The following building permits were issued by Building Inspector Asford yesterday:

To T. H. Phillips for two-story brick dwellings at 121 to 129 K street northeast; architect, W. J. Simmons; estimated cost, \$12,000.

To C. H. Moore for one two-story brick shop at 329 M street northwest; architect and builder, C. Mackey; estimated cost, \$9,000.

To T. H. Phillips for one two-story brick dwelling at 10 Hickman street southeast; architect, W. J. Simmons; estimated cost, \$2,250.

To L. S. Lipscomb for repairs at 230 Seventh street northwest; contractor, W. W. Sander; estimated cost, \$1,500.

Go to J. H. Buscher, Center Market, 9th st. wing, for the finest cuts of N. Y. Roasts and other meats.

Immigrants Don't Like Work.

A score of immigrants from Russia, Hungary, Poland, and Germany have applied to Secretary George F. Wilson, of the Board of Charities, for transportation to New York. The foreigners arrived in Washington at Tuesday's response to an offer from a stone company, promising work at \$1.50 a day, but after a few hours' labor in the quarry decided the work was too arduous and handed in their resignations. Impressed with their strong physiques, Mr. Wilson offered them no relief. They refused to return to the quarry.

Purissima Rye of Value to Health.

Rural Carriers Aid Road Officials.

Letters received by Assistant Postmaster General De Graw from highway commissioners in States which have adopted the plan of co-operation with the rural delivery service indicate that the information being supplied to the State road commissions by rural letter carriers has resulted in renewed activity in road-building and improvement. Rural delivery is established in every State and Territory of the Union. There are nearly 57,000 routes in operation, covering an average of twenty-four miles each. Some States have already enacted laws requiring road supervisors to keep in repair and free from snowdrifts all roads traversed by rural letter carriers.

Small-craft Landing in Basin.

In connection with the work which is being done on the Speedway and the Potomac Park, a landing for small craft is being constructed at the northeast extremity of the basin. This landing is shaped so boats can approach on either side of two curved arms which extend out into the water for 100 feet. The entire construction is being made of concrete and stone, and will be very durable and attractive when completed. Several walks and drives are being made from the landing, by which it can be reached from the near-by thoroughfares.

Ladies of the Maccabees.

Mount Vernon Hive No. 2, of the Ladies of the Maccabees, was the lucky winner of the \$10 prize offered in the membership contest, prior to the visit of Supreme Lady Commander Hallister, a few weeks ago. The continued success of Mount Vernon as a prize winner speaks volumes for the splendid work done by every member of the hive. Lady Commander Van Ness is particularly jubilant over the success of Mount Vernon Hive during her incumbency, and hopes to see it the banner hive of the District in the not distant future.

John B. Espey, 1010 PA. AVE. N. W.

TWO EXTRAORDINARY SALES OF MEN'S SUITS AND OVERCOATS BEGIN HERE TO-DAY

—and the accommodation of paying for your purchase by the week or month is extended you graciously.

In one you have the choice of about 1,000 Suits and Overcoats that are worth up to \$15,

At **\$10.40**

In the other you have the choice of about 500 Suits and Overcoats that are worth up to \$22,

At **\$14.50**

Both lots are from a manufacturer of undoubted standing—upon whose reputation we'll stake our own.

The lot that this phenomenal selling entails is his, not ours. Only the credit is due us for bringing you and such never-before-equalled opportunities together.

Mark What We Say!

We might claim these suits and overcoats at \$10.40 to be worth \$18.00 and \$20.00, and you would believe it, because we have never deceived you—never misled you—never preyed upon your confidence. They were really made up to sell at \$12.50, \$13.50, and \$15.00, and they're the best garments you've ever seen at those prices.

We're not philanthropists, but our cash is one of your servants, and when it can capture a bargain for you, it does—and it surely did this time.

Weigh Our Statements Thoughtfully

concerning these suits and overcoats at \$14.50. They are worth \$18.00—some of them \$20.00 and a few—because we took the whole lot—are worth \$22.00.

And by worth we mean—cannot be matched—matched in quality of fabric—honesty of making—cleverness of fashioning—for less than these prices. Bought under different circumstances, nobody could afford to sell them for less.

WE GLADLY GIVE THEM OUR GUARANTEE.

They warrant your entire confidence. They will command your highest satisfaction. They embrace the most wanted materials—handsomely trimmed—and tailored with all the care possible. If we had made them ourselves they couldn't be better made. The chance came—it was worthy of us—and worthy of you—and we've lost no time in putting it before you.
